

Fly Utah

Getting all the information about Fly fishing certain rivers in Utah is sometimes a pain. My app will make it a lot easier to gather the information necessary to prepare you for a day on the river!

MVP

- Fish type and species
- Picture of fish
- The choice to choose from all of the different riverways in Utah
- Link google maps api to the project to show where the river is located in utah
- Show images of the hatch charts depending on the time of year
- Show a list of top three favorite flies per different river

Future features

- Expand to other states
- Include maps of the walk in access points
- Add the daily bag limits for different kinds of fish in different rivers
- Add a place for people to input their favorite types of flies for different rivers
